The GSA respectfully acknowledges that it is located on Treaty 6 territory and Métis homelands.

**VISION:**
The Graduate Students’ Association (GSA) advocates for an engaging environment that is safe, respectful, supportive, healthy, accessible, and inclusive, and that empowers graduate students to be agents of change during their time at the University of Alberta, and beyond.

**MISSION:**
Recognizing the multi-faceted roles played by graduate students at the University of Alberta, the GSA: advocates for comprehensive, timely, and excellent supports for all graduate students from both the University and the Alberta Government; negotiates a collective agreement that equitably supports graduate students who are employed by the University and works to ensure compliance with said agreement; engages graduate students and supports their endeavours; and works to sustain the excellent reputation of the GSA.

The GSA believes that a healthy organization is nurtured through effective relationships with all stakeholders, including constituent groups of the academy. Nonetheless, an organization that evolves over time must be prepared to take steps at critical junctures that may or may not be endorsed by all its stakeholders. The GSA sees this as a living document, shifting directions as needed, as the provincial, federal, and University landscapes change. It is developed by both the previous and current teams of Directly-Elected Officers and provides a planning document for this and future years. Our overall goal is to create a campus community where all graduate students feel encouraged to learn and are provided with reasonable supports (and accommodations, when necessary) to ensure their success.

**OUR IDEAL DEFINITION, SITUATION, AND EXPERIENCE FOR ALL GRADUATE STUDENTS:**

A graduate student is a junior colleague who contributes to their field of study in pursuit of an advanced degree through collaborative work with the professoriate and senior colleagues in research, teaching, administrative tasks, and the development of learning environments within the University. These contributions may be accomplished through: extensive coursework, for which graduate students pay tuition; academic employment, for which graduate students are paid; the co-creation and writing of scholarly work; the securing of academic funding; presentations, conferences, and community engagement; and capstone projects, theses, or dissertations. This multi-faceted position takes place in an environment of mutual respect and fairness aimed at developing skills and knowledge for future careers.

---

1 Stakeholders include: individuals, groups, and offices that can affect or are directly affected by, the GSA and its initiatives. Constituent groups of the academy include: faculty, graduate students, undergraduate students, non-academic staff, and post-doctoral researchers and fellows.
ADVOCATE

**GOAL 1**: Work with the University and government to ensure graduate students receive affordable tuition, funding packages, and access to bursaries, scholarships, and awards.

Post-secondary education plays an important role in a prosperous society. Graduate students’ success is dependent upon access to sustainable and appropriately sized funding packages for the duration of their programs so they can focus on their studies and research. The GSA will advocate that all graduate students should be offered baseline funding, The GSA will also advocate for greater financial supports, including higher compensation for assistantships, more scholarships, awards, and bursaries, and increases to the Graduate Student Support Fund (GSSF).

| **1. Advocate** for transparent and sustainable funding packages that support a reasonable standard of living, taking into consideration the cost of living in Edmonton and current tuition costs for all thesis-based graduate students for the duration of their programs. | Present, to the Board Human Resources and Compensation Committee, on the need for higher assistantship rates and increases to the GSSF (2017-2018).  
Take all opportunities to share the GSA’s proposal requesting a review of graduate student funding at the U of A and advocate to the President, Provost, and Dean of the Faculty of Graduate Studies and Research (FGSR) that such an internal review begin as soon as possible (2017-2018).  
Engage the Minister of Advanced Education with respect to the significant contributions of graduate students to the quality of education and research offered at comprehensive, research intensive universities, and the need for a funding models that specifically recognize graduate students and their research and undergraduate teaching (ongoing).  
Maintain discussion with the Dean of the FGSR and the Provost on how to create financial packages that correspond with realistic times to completion and collaborate to assess current gaps in funding for graduate students (ongoing).  
Take all opportunities to remind University administration that funding tied to a supervisor that is not subject to appropriate oversight within the broader framework of a minimum funding package can increase the power imbalance between these parties (ongoing). |
| **2. Advocate**, to University administration and the FGSR, on the need to include clear and concise contract terms in letters of offer to the University, and make these letters available to graduate students well in advance of deadlines for offers of admission. | Ask regularly in meetings with the Dean of the FGSR and other members of University administration that documentation provided to new graduate students upon an offer of admission be reviewed and that specific expectations and requirements for graduate assistantships during a program be outlined in letters of offer (ongoing). |
Advocate for more education and compliance concerning the Collective Agreement within the campus community (ongoing). |
Continue to track information associated with compliance in order to prepare for future negotiations (ongoing).

Ensure the GSA’s compliance with Bill 7 and consult with/educate graduate students, particularly Graduate Assistants, on the implications of the legislation and the provisions of the Collective Agreement (ongoing).

4. **Advocate** for the inclusion of international graduate students in the eligibility requirements for existing scholarships, awards, and bursaries.

Collaborate with the Alberta Graduate Provincial Advocacy Council (ab-GPAC) on issues and necessary improvements for international graduate student tuition and funding in Alberta (2017-2018).

Maintain the GSA’s stance that international graduate students should have access to Tri-Council funding and enhanced access to provincial funding opportunities, as well as be included in provincial nomination programs related to permanent residency (ongoing).

5. **Advocate** for assistance, support, and encouragement for all graduate students to apply for internal, provincial, and federal awards, grants, and scholarships.

Promote the FGSR and departmental workshops and resources designed to assist graduate students with application processes and communicate with individual departments as required to provide sufficient notice to graduate students of internal application deadlines (ongoing).

6. **Advocate** for quality measures, funding models, and graduate student management plans that do not favour some faculties or departments over other faculties or departments.

Ensure graduate students are involved in any reform discussions associated with quality measures, funding models, or graduate student enrolment management plans (ongoing).

Create opportunities to discuss the University’s decentralized faculty model and how it creates significant disparities in program expectations and requirements, funding options, and time to completion for graduate students (ongoing).

7. **Advocate** for the continuation of a tuition model that ties graduate student tuition increases to the Alberta Consumer Index (CPI) and opposes across-the-board increases.

Meet with University administration to get updates concerning the 2017-2018 changes made to international graduate student tuition and ensure continuation of the full “rebate” ($4,000 for full-time graduate students and $2,000 for part-time graduate students) associated with the commensurate increases in international tuition (2017-2018).

Maintain the GSA’s past stance in opposition to across-the-board tuition increases beyond the Alberta CPI for all graduate students and, in partnership with ab-GPAC, advocate for the inclusion of international student tuition fees in the province’s Tuition Fees Regulation. Should tuition increases be tied to some other agreed upon formulary, advocate to ensure that graduate student support levels increase commensurately (ongoing).

Ensure ongoing appropriate graduate student consultation prior to and after the introduction of any increases to tuition fees (ongoing).

8. **Advocate** against the introduction of new market modifiers or other fees that are not currently a part of an agreed upon regulatory framework.

Ensure appropriate graduate student consultation prior to the introduction of any new or increased fees, including Mandatory Non-Instructional Fees (MNIFs) (ongoing).

Maintain active participation in the MNIF Oversight Committee and closely monitor proposals to apply the Academic Price Index formulary to fees other than MNIFs to ensure any such proposals will benefit graduate students (ongoing).
**ADVOCATE**

**Goal 2:** Work to develop supportive and respectful relationships between graduate students and their academic supervisors.

Graduate student success relies on quality supervision and mentoring throughout a degree program. The GSA will build on work by previous graduate student leaders and collaborate with the FGSR and senior University administrators to make quality graduate student supervision an institutional priority.

| 1. **Advocate** for the development of a supervisory training program for both incoming graduate students and supervisors and for the development of an accountability structure that rewards quality supervision and mentoring while creating incentives to improve poor supervision. | Finalize the GSA’s “list of questions to ask before pursuing graduate studies” document and circulate it to the FGSR Council (2017-2018).
Collaborate, with the FGSR, on the implementation of recommendations from the Quality of Graduate Student Supervision Report and other similar initiatives *(ongoing)*.
Take any opportunities to promote and develop resources to ensure a better understanding of the roles and responsibilities of both graduate students and supervisors that provide clear expectations for both *(ongoing)*.
Promote a restorative justice and mediation process to encourage prompt resolution of any graduate student-supervisor conflicts *(ongoing)*. |
| 2. **Advocate** for departments to develop a means by which graduate students can report concerns regarding their supervisors. | Collaborate with the FGSR on programs to track the quality of the graduate student-supervisor relationship over time, including the creation of a feedback process for graduate students *(ongoing)*.
Related to the above, advocate to the FGSR that it work with other Faculties to develop an online platform to support the safe disclosure of supervisory concerns in order to better track the level and types of concerns over time, and discuss ways to address any systemic issues that emerge *(ongoing)*. |
| 3. **Advocate** for realistic ‘time to completion’ rates in order for both graduate students and supervisors to develop reasonable expectations regarding the length of the degree program. | Collaborate with the FGSR on ways to mitigate systemic ‘time to completion’ problems, ensure transparency concerning expectations, and to develop metrics to track faculty and graduate student adherence to program timing and associated requirements to allow proactive intervention if problems arise *(ongoing)*. |
| 4. **Advocate** for enhanced flexibility with respect to course-related examination practices in the interests of promoting enhanced mental wellness and career outcomes. | Discuss, with the FGSR, the possibility of revising FGSR policies concerning course-related examinations (including the ability to retake examinations and amend transcripts accordingly) *(2017-2018)*. |
**ENGAGE**

**Goal 1:** Develop and maintain relationships with all GSA stakeholders, both internal and external to the University, to support graduate student success.

Graduate students play unique and multifaceted roles in a university environment. The GSA will advocate for further resources to support graduate students by reinforcing strong relationships with key players to create a common vision of excellence for all graduate students at the University, as well as across Alberta and Canada.

ENGAGE

**Goal 2:** Increase graduate student awareness of and participation with the GSA and its services.

The GSA believes engagement occurs from the time someone asks for information about the graduate studies admission process through to convocation. The GSA supports continuing graduate student engagement through University governance, networks in residence and elsewhere, professional development, and in other settings where collaboration can occur. The GSA is committed to continue offering orientation sessions, 101s, and investigating other means to reach graduate students, as well as to investigating effective communication methods that will create opportunities for graduate student awareness and engagement.

Lobby for space for the exclusive use of graduate students to encourage collaboration, idea sharing, and informal meetings (*ongoing*). |
**SUPPORT**

**GOAL 1:** Ensure all graduate students have access to sufficient resources to meet their basic needs.

The GSA is a vigilant voice for the graduate student experience, including funding, housing, and services. In order for graduate students to have a positive experience at the U of A, key infrastructure pieces must be in place before graduate students register. The current unpredictable and unsustainable funding model can create situations where graduate students cannot afford safe housing and/or sufficient food. The lack of sustainable graduate student funding creates significant strain on mental health and leads to: increased drop-out rates; increased draws on Health and Wellness services; and a decreased focus on studies and research productivity.

**SUPPORT**

**Goal 3:** Continue to build a safe, respectful, supportive, and appreciative learning and work environment for all graduate students that is compliant with the GSA’s Collective Agreement governing graduate student assistantships.

All graduate students are entitled to a safe and respectful work environment, free from harassment, discrimination, and bullying. For graduate students with assistantships, the Collective Agreement is a legally binding document between the GSA and the Board of Governors that outlines the expectations for fair compensation and a beneficial work environment. The GSA will build upon the advances it has made to assist graduate students with Collective Agreement issues, and ensure University-wide awareness and compliance of the Collective Agreement.
**SUPPORT**

**Goal 4:** Enhance supports for international graduate students.

The University’s community of international graduate students is a vital part of the overall graduate programs offered at the University of Alberta.
